State	Bill Number	Last Action	Status	Position	Priority
CA	SB 328	Chaptered By Secretary Of State Chapter 868 Statutes Of 2019 2019 10 13	Enacted	Support	None

Title

Pupil attendance: school start time.

Description

SB 328, Portantino. Pupil attendance: school start time. Existing law requires the governing board of each school district to fix the length of the schoolday for the several grades and classes of the schools maintained by the school district in accordance with specified provisions of law. This bill would require the schoolday for middle schools and high schools, including those operated as charter schools, to begin no earlier than 8:00 a.m. and 8:30 a.m., respectively, by July 1, 2022, or the date on which a school district's or charter school's respective collective bargaining agreement that is operative on January 1, 2020, expires, whichever is later, except for rural school districts. To the extent the bill imposes new duties on school districts and charter schools, the bill would impose a state-mandated local program. The bill would encourage the State Department of Education to post specified information on its internet website, including research on the impact of sleep deprivation on adolescents and the benefits of a later school start time, and to advise school districts and charter schools of this posting. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Title

AN ACT TO AMEND TITLE 1 AND TITLE 4 OF THE DELAWARE CODE RELATING TO THE STANDARD TIME FOR THIS STATE.

Description

Daylight saving time has existed in one form or another for over 100 years. In that time, Delawareans have become accustomed to the 8 months of daylight saving time each year. This Act provides for Delaware to permanently remain on daylight saving time. This Act achieves this by doing the following: (1) Requiring, in Section 4 of this Act, that the Governor request that the United States Secretary of Transportation place Delaware in the Atlantic standard time zone if Pennsylvania, New Jersey, and Maryland each enact a law requesting the Secretary to place their respective state in the Atlantic standard time zone. The Secretary is authorized under 15 U.S.C. § 261 to define the limits of each time zone and thus may place Delaware in the Atlantic standard time zone. (2) Exercising, in Section 2 of this Act, the discretion granted to Delaware under 15 U.S.C. § 260a to exclude itself from daylight saving time. Section 5 of this Act makes clear that this exclusion takes effect on the first Sunday in November once the United States Secretary of Transportation places Delaware in the Atlantic standard time zone. This results in Delaware permanently remaining 1 hour ahead of eastern standard time.
